Make your OR smoke-free with CONMED's ClearView™ Smoke Evacuation System.

Effective Evacuation

System features 4-stage ULPA filtration to remove 99.999% of the smoke contaminants from the surgical site¹.

Quiet Operation

Reduces noise pollution in the OR.

Compact, Easy-to-Integrate Design

Allows for easy placement on shelf, counter or stacking.

Automatic Activation

System only activates when electro-cautery is used for seamless integration with System 5000 ESU and other ESUs.

Multiple Settings for Multiple Procedures

Features three flow settings (Low/Lap, Medium & High/Turbo) to meet the needs of different procedure types.

3-Port Filter Design

Accommodates a variety of tubing sizes, providing versatility in procedure and accessory setup.

Up to 35 Hour Filter Life

Delivers unsurpassed value by automatically tracking and recording filter life.
